Achieve Complete Testing with Kobiton's Mobile Device Cloud

Kobiton's Mobile Device Cloud ensures comprehensive testing coverage with access to a wide range of real devices, each selected for their relevance in the current market with a minimum of 1% adoption. For niche devices, we offer customized access on a case-by-case basis.

About Kobiton

Kobiton empowers enterprises to accelerate mobile app delivery through manual, automated, and no-code testing on real devices. Kobiton's AI-augmented mobile testing platform uniquely delivers one-hour continuous testing and integration. Founded in 2016, Kobiton is venture-backed and headquartered in Atlanta. More information at www.kobiton.com.
